Tickets On Sale

A limited number of tickets for the Buffalo-Greyhound basketball game in Portales Saturday night is on sale at the West Texas State University ticket office.

Expected to be a sellout in ENMU's new fieldhouse, the game will be a return match with the Greyhounds who battled the Buffs before bowing 87-72 in the WTSU Fieldhouse Dec 4.

Tickets will be available in the athletic office until 5 p.m. Friday at the reduced rate of $1.50 each. They will cost $2 in Portales.

Mrs. Mary Greiner, ticket manager, said Wednesday 100 tickets are available on a first come-first serve basis. They are not reserve seats but may possibly be exchanged in Portales for reserve seats at an additional cost of 50 cents.

Mrs. Greiner said about 300 ENMU followers attended the game here. The Varsity Buffs will open play at 8 p.m. MST. ENMU recently completed a new fieldhouse seating about 7,500.

Official Keeping Promise

Tax offices in Randall County court house and the court house annex in Amarillo were open last Saturday morning under supervision of a new tax assessor-collector.

Mrs. Audrey Bruse, the new assessor-collector, said there was a line of patrons from about 10 to 12 Saturday morning. Mrs. Bruse is fulfilling a campaign promise in keeping the offices open Saturday mornings.

She worked in the Amarillo office along with Mrs. Decla Kelly. She said about a half dozen patrons showed up at the Canyon office.

Athletic Director May Step Aside Next Fall

A story in The Canyon Sunday News that Frank Kimbrough is likely to step aside as athletic director of West Texas State University Sept. 1, 1969 was picked up by most area news media by Monday.

Dr. James P. Cornette, WTSU president, Friday confirmed that he has discussed the matter with the athletic director. He pointed out that Kimbrough will reach the age of 65 during the current academic year.

Dr. Cornette revealed that he has talked to both Kimbrough and Head Football Coach Joe Kerbel about making Kerbel athletic director with Kimbrough remaining as Kerbel's assistant.

"I don't know what we're going to do," he said. "I haven't even talked to the athletic committee about it."

Dr. Cornette said regulations laid down by the board of regents makes retirment of university administrative personnel mandatory at the age of 70.

He quoted the board as having stated that it is desirable for such personnel to relinquish administrative status on Sept. 1 following attainment of the age of 65.

The university president said Kimbrough's status probably will not be discussed with the board of regents prior to

School Census Count Begins

School census cards will be distributed January 20 to all families with students presently enrolled in the Canyon Independent School District.

In addition, nursery schools, kindergartens and pre-school church classes are being contacted for names of beginning six-year-old students.

Residents who have not been contacted for census information and who have children who begin school next fall should complete the census forms by contacting L. H. Brotherton, 655-2548.

The annual census figure is used as a basis for projecting needs of the schools for supplies, teachers and space to begin the fall term in 1969, according to Brotherton.

Racial Tension Group To Meet

A committee studying racial tension at West Texas State University will meet either today or Friday, according to John Lesley, committee chairman.

The committee met the week before the university closed for the Christmas holidays. It was formed following racial unrest at WTSU basketball games.

Coach Dennis Walling explains strategy to his charges during a time out at the Hardin-Simmons game in the West Texas State University Field House Tuesday night. Walling's Buffaloes defeated the Cowboys 111-104 to give the Buffs six straight wins and a 9-2 record for the season.

Merchants Hit Street Medians

Nine recommendations for traffic control on U. S. 87 through Canyon have been presented to the Canyon City Commission by several businessmen with interests on 23rd Street.

Commissioners heard the recommendations at a Thursday night meeting.

Buffalo Bookstore owner, E. T. Cummings, presented the plan, which the businessmen propose in lieu of the current traffic plan before the commissioners.

Cummings, reading from a prepared statement by Charles Donnell, theater owner, said 23rd Street's traffic problem exists only from 7:30 to 8 a.m. and from noon to 12:30 p.m.

Recommendations were:

*A speed limit of 25 miles per hour from 10th Avenue to 1st Avenue on 23rd Street, from 22nd Street through 25th Street on 4th Avenue, and 22nd Street through 24th Street on 5th Avenue. Thirty miles per hour limit south on 23rd from the first overpass to the intersection of Spur 48 north of West Texas State University.

*Traffic lights be installed at 10th Avenue, 9th Avenue, 3rd Avenue, 2nd Avenue, 24th and

Buttrill In VN Hospital

Randy Buttrill who was wounded three times in a Viet Cong ambush, is in a hospital in Vietnam and "happy to be alive."

Sandy Buttrill, Randy's wife, said she received a letter Wednesday morning from her husband, and he said he was "fine."

Buttrill is now in the EVAC hospital in Vietnam but will soon be moved to a hospital in Japan where he will remain for two months or longer, Sandy said.

Buttrill may be sent home after he is released from the hospital, Sandy said.

"He was sitting in a wheelchair with one leg out in front him and couldn't make the wheelchair move," Sandy said. "He was most thrilled about getting a hot water shave," she said.

Buttrill's ankle was fractured and he was hit across the small of his back, in his right hip and right calf, Sandy said.

His squadron was ambushed and every man was wounded. Sandy said she didn't know where or when the ambush occurred.

Persons wishing to register to vote must have been a resident of Texas a year and of Randall County six months.

The deadline for registration is Jan. 31 in Randall County.

Registration will be at either Randall County Courthouse or at the annex at 3806 Bowie in Amarillo.

C Of C Hosts Breakfast

A breakfast for exhibitors in the Junior Livestock Association will be held from 6:30 to 8 a.m. Saturday in the American Legion Hall.

The breakfast is sponsored by the Chamber of Commerce with individual members of the community participating, according to Roland Black.

All exhibitors and their parents are invited. Black said that about 100 to 150 people were expected.

The breakfast was held last year for the first time and will be continued as an annual affair, Black said.

Canyon CU Reporting Progress

Creditors of Canyon Credit Union have been paid about $120,000 during the past year, according to Charlie Oates, member service representative of Texas Credit Union League.

Oates said about $69,000 remains to be paid and then payment to stockholders may begin.

"We are making progress as fast as we can," Oates declared. "I have no idea when we will be finished."

Oates said the credit union has about 215 loans outstanding totaling $500,000.

Liquidation of Canyon Credit Union was begun in March of 1967.

Petition Endorses Prayers

The board of directors of the Canyon Chamber of Commerce is circulating a petition endorsing the reading of the Bible and the prayer offered by the astronauts during the flight of Apollo 8.

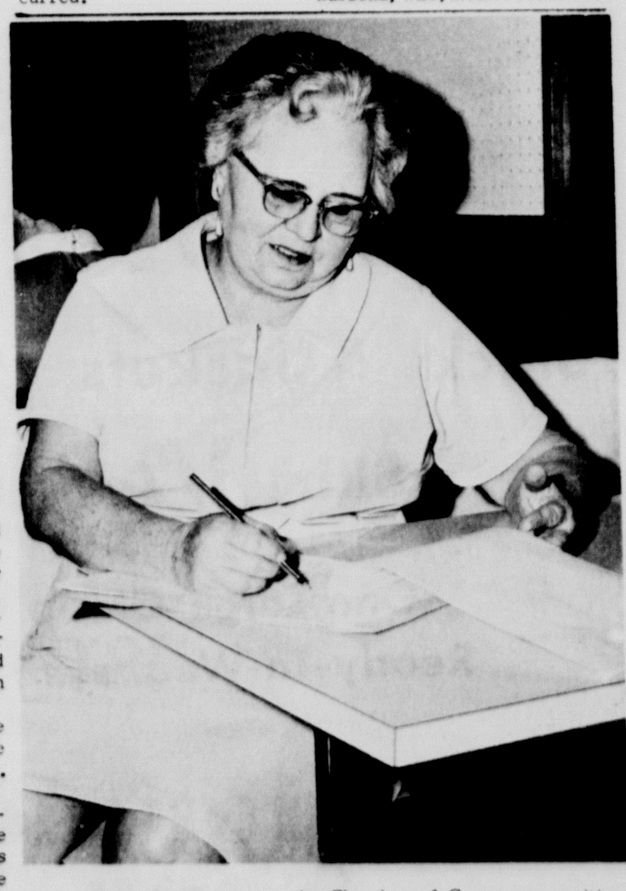
The petition is now located at the Chamber of Commerce office and will be placed in other locations later.

Roland Black said that the petition would be circulated for about 10 days and then would be sent to the Space Center in Houston.

The resolution to circulate the petition was passed by the board at their meeting Dec. 30.

The petition reads:

"We the undersigned appreciate and certainly endorse the reading of the first 12 verses of Genesis in the Bible and the prayer that was offered by the astronauts. This insertion of a religious note, we feel, was very fitting."



Mrs. Zora Campbell signs the Chamber of Commerce petition endorsing the reading of the Bible and the prayer given by the astronauts during the flight of Apollo 8. The petition will be sent to the Space Center in Houston.

Jerome Johnson Is New Regent

An Amarillo attorney has been named by Gov. John Connally to the Board of Regents, Texas State Senior College which oversees activities at West Texas State University.

Jerome Johnson of 2802 Harmony, succeeds Clayton Heare of Amarillo. He will serve a six-year term.

Heare's six-year term has expired.

Johnson, a member of the Amarillo College Board of Regents about 10 years, said he is not as familiar with WTSU as he'd like to be and expects to be in the future.

He said he will resign as an AC regent.

He is a native of Port Arthur and grew up in Houston. He came to Amarillo 15 years ago following graduation from the University of Texas Law School in Austin.

Johnson has also served on the board of the Chamber of Commerce in Amarillo, the Red River Authority board, Water, Inc. board, and the vestry of St. Andrew's Episcopal Church. He is former president of the Amarillo Bar Association.

Also named to the board of regents were Dee J. Kelly, a Fort Worth attorney, and Bernard G. Johnson, a Houston engineer.

All-State Bandsmen Selected

Five Canyon High School bandsmen were selected at Region I tryouts for All-State Band Saturday at West Texas State University.

Selected were Roseanna Mathis, flute; Fred Richard, contra bass clarinet; Evelyn Hadley, cornet; Sarah Beth Meyer, baritone; and Chris Blasdel, trombone.

Selected as alternates were Patti Waugh, flute, and Jamie Martin, saxophone.

The bandsmen will compete at tryouts in Lubbock January 18, according to Gary Zook, CHS band director. Students selected at the contest in Lubbock will advance to All-State Band in San Antonio February 12-15.

Regents Meet Today In Austin

The president of West Texas State University, Dr. James P. Cornette, and Virgil Henson, financial vice president, leave today for a meeting of the Board of Regents, Texas State Senior Colleges.

The board meets tonight in Austin.

CHS All-School Musical Slated For Production

"Carnival", written by Mike Stewart with music and lyrics by Bob Merrill, will be produced by Canyon High School students January 30, 31 and February 1.

Curtain time for each performance will be 8 p.m. in the high school auditorium. Tickets will be $1 for students, $1.50 for adults and $2 reserved.

The dramatic life to be found in a traveling European carnival will be portrayed in the CHS all-school musical which combines efforts of the school's fine arts department. The show was first produced in New York with Gower Champion directing and Anna Marie Albergetti portraying the female lead of 'Lili'. The 1963 production was acclaimed as one of the best musicals in the history of Broadway productions.

The conflict between Paul and Lili, played by senior students, Buddy Roland and Shelly Taylor, results in a love story never to be forgotten.

Tone and mood of "Carnival" is slightly different from those of previous musicals produced by CHS. "Carnival" has the fast fun and swift paced impact of "Music Man" and "Bye Bye Birdie" but it also combines the dramatic story of personal conflict and stress that completed the well rounded production. It has songs of different moods and contrasting tones including "Love Makes The World Go Round", "Mira",

COVERING FUMBLES

by Dan Mitch Jones

I contemplate the Pueblo incident with humility. It makes me know that I can never attain my ideal of Christian thoughts about my enemy without more than my share of help from the Master Teacher.

by Troy Martin FROM THE CANYON RIM

John Connally has been spending his final days as governor making appointments which should have been left up to Preston Smith.

I think both the appointments Connally made in this area were good ones but they may not reflect the wishes of the governor-elect and he is the one who will have to work with them.

Jerry Johnson is a hard-working Amarillo attorney whom Connally appointed to the board of regents which governs West Texas State University and several other schools across the state.

I don't think anyone would have any quarrel with Jerry's ability. From all I can learn he has done a fine job on the Amarillo College board.

We can expect that he will do a good job at his new post.

Pete Gilvin was appointed to the Parks & Wildlife board. Pete is interested in the state's parks, particularly Palo Duro Canyon State Park.

The fact remains that it is wrong for a retiring governor to appoint his successor's helpers.

No appointed official---with the possible exception of US Supreme Court justices---should have tenure beyond that of the person who appointed him.

I think the state legislature should do something about a law to this effect immediately.

* * *

Speaking of the board of regents, we've had great representation on it during the term of Clayton Heare. Clayton is one of the great gentlemen with whom my job as a newspaperman has brought me into contact.

He has served Texas institutions of higher learning with diligence and integrity.

* * *

I was downright glad to see the holidays come to an end and to have the university students back in town.

Canyon was lonely without them. I wish there were some way Canyon people could let the kids know how much we appreciate their just being here.

* * *

I expect West Texas State University to get a separate board of regents this year.

A separate board for West Texas State was one of the planks in the Preston Smith platform in this area. If the measure gets through the legislature, Smith will sign it.

While I'm at it, I'm going to predict that Wayne Thomas, Hereford attorney, will be a key figure on that board. Wayne is a personal friend of the new governor and was one of the hardest workers in the Smith campaign during the campaign.

Thomas is a past president of the West Texas State Ex-Students Association and is vitally concerned with the future of WT.

Grand Jury Indicts One

Robert William Brown, a 23-year-old Canyon guitar teacher, was indicted Monday by the Randall County Grand Jury on a charge of possession of marijuana.

Mrs. Betty Sue Patton, 36, of Amarillo was no-billed on a charge of assault with intent to commit murder in connection with the shooting of her husband at the family home Dec. 26.

Virgil Net Patton who was shot in the chest, appeared before the Grand Jury and said that the shooting was an accident.

Brown was arrested Dec. 23 at his trailer home and was later charged with possession of marijuana. An informant working with the police department led to Brown's arrest.

The informant allegedly bought a small amount of marijuana from Brown Dec. 20 and Dec. 23.

CHS Boys Are Finalists

Seven boys of Canyon High School are finalists for the All-State Finals in choir for Region I and will participate in tryouts Saturday at the West Texas State University Fine Arts Building.

If selected for all-state the boys will participate in All-State Choir activities at San Antonio in February.

The finalists trying out Saturday will be Buddy Roland, Mike Shapley and Gene Morrison, first tenors; Jerry Landrum and Hal Owen, second tenors; and Barry Cox and Terry Landrum, basses.

The CHS choir students will be among 64 trying for the 16 places from the region, which consists of all schools north of and including Lubbock. They will sing seven choral selections by memory and three using music. The ten selections will be performed by the All-State Choir in San Antonio.

Miss Linda Adams, CHS choir director, said "it is quite an honor to have this many finalists from one school and we are extremely proud of these boys and their accomplishments. They have worked hard (over 100 hours) in preparation for this audition."

One of the finalists, Buddy Roland, was a member of the All-State Choir last year and another, Hal Owen, was an alternate.

Judges for tryouts Saturday will be Royal Brantley and Rowie Durden of the WTSU music faculty; Terry Milligan, graduate student at WTSU; Dale Roller of Amarillo College music faculty and four faculty members from the music department at Texas Technological College in Lubbock.

Accompanist for the tryouts will be Mary Helen Demus of the WTSU music faculty.

Our World

BY ANN BROWN

In previous years, the enjoyment of college vacations was largely confined to the students and faculty. This year the people who probably enjoyed the holiday most were the administrators and the police. (Six hundred policemen from San Francisco and nearby cities were enlisted to help control riots at San Francisco State.) The regents and the governors also shared in the relaxation.

Anarchists are using the same tactics in America that proved so successful in China. The rabble took over the college campuses, and from there the Red tide flooded the entire land.

A local Chinese refugee believes that the estimated 50 million of her countrymen slain in the Red purge is not an exaggeration. To the best of her knowledge all her friends and relatives have been slain, and they did not die in gas chambers as did the Jews in Hitler's Germany; the favorite method of execution practiced by the Chinese butchers is to turn the condemned persons over to frenzied mobs: The helpless victims are literally hacked and torn to pieces, and then buried while still alive.

The civilized world is still reeling over the purge of the 6 million Jews; why has the Chinese slaughter been ignored? Are Chinese of less value than Jews?

* * *

After all the incredible political incidents of 1968, we'll probably have a bit more difficulty taking over America than they did raping China.

The average rural village in China was almost totally illiterate. Each village had a scribe who wrote letters for the people, and did their reading for them. All the communists needed to control a village was to get the scribe in their power.

The poor illiterate Chinese had no alternative to believing their scribes. Anyway, it made little difference to the peasants who ruled their country. All they wanted was to be left alone to till their little plots and feed their families as they had done for thousands of years. They no more desired a change in their basic way of life than does the average American.

If the American way of life is to be preserved, we must return to being a nation of laws. The United States became the richest, most powerful nation on earth through adhering to Christian principles of law. In addition to abiding by the rules of honesty, morality, and hard work, we have majored on education; it has been our key to progress.

No organization can exist without laws. A marriage and a family must abide by certain basic rules for survival.

Even the smallest college must have rules; it is impossible for the large universities to operate without a rigid network of laws. The majority of college students are law-abiding, cooperative, and studious. About 500 trouble makers at San Francisco State have disrupted classes for 18,000 students. Is there any good reason to permit a small minority of dirty, shaggy rabble to literally destroy our institutions of higher learning, and with them our nation?

People who believe the campus riots are spontaneous outbursts from disgruntled students are most naive. According to police authorities, any riot that lasts more than an hour is "about as spontaneous as the Rose Bowl Parade."

Our schools are our lifeline to productivity and progress. It's high time the taxpayers who pay the bills for our troubled colleges insist that the administrators enforce the rules. Any student who does not wish to be cooperative should be invited to leave. And if the police are needed to implement that invitation, then the police should be called.

The administrators of our schools are surely better qualified to make changes as the needs arise than are inexperienced and irresponsible students.

Our schools are vital--not just to the continued progress of our nation, but to its very survival; let's not surrender them to our most destructive enemy: anarchy.

Poinsettia Tree Blooms

An unusual poinsettia tree has been blooming since before Christmas at Stevens Floral Company, according to Mrs. Lessie A. Stevens.

"It has better than 30 blooms on it now and hasn't lost one petal since it began blooming last month," stated Mrs. Stevens.

The tree measures more than 5 feet tall and grows on a tree-like trunk from a 12-inch clay pot. The blooms have three central spikes and would cover a dinner plate.

According to Mrs. Stevens, she brought the plant indoors in late August and began watering and treating with plant food.

Commissioners Accept Annex

Commissioners court Monday accepted delivery of the newly-completed court house annex here and paid final bills of $42,779.66 to the contractor and $5,605.51 to the architects.

The court agreed to issue refunding bonds on $397,000 worth of improvement warrants used to finance the court house annex. The bonds will be issued Feb. 10.

The court voted to hire Roland Black at $180 a month to serve as assistant veterans affairs officer under Rhea Smith for Randall County.

Black succeeds Roy Price who held the post until his death recently.

Black was hired after a group of veterans appeared before the court in his behalf.

Seven bids were accepted for a truck to be used by Precinct 2. Consideration was postponed until later.

The courts spent much of Monday afternoon considering six furniture bids and six carpet bids for outfitting the new annex.

Agreement Will Close 7th Street

Canyon City Commissioners authorized Mayor Paul Lindsey to sign Thursday night an agreement with the Canyon School Board to close 7th Street between 5th and 6th Avenues for construction of a new junior high school building.

The agreement also includes the city's part in paving and curbing work to control water drainage in that area.

Cost for the city's part will be between $5,000 and $6,000, Lindsey said.

In other action, the commission discussed the moving into the city of FHA homes purchased by individuals in Amarillo.

The mayor said he has been approached by several persons about moving homes in.

City Attorney Elton Cox and City Manager Paul Davis were instructed to study possible restrictions which might be placed on persons desiring to move FHA homes into Canyon.

25th Streets on 4th Avenue, and at Spur 48 and U. S. 87.

•City Commissioners and County Commissioners work with WTSU in preparing an arrangement to provide as many entrances to the WTSU parking area as they have exits.

•Install and enforce speed limit signs and time limit signs. Suggest one-hour parking from 8 a.m. to noon on 22nd and 24th Streets on 4th Avenue and on 23rd Street where businesses are involved. Install no-left-turn and no-right-turn signs where necessary.

•City take over maintenance of Texas 217 from 23rd Street west to 13th Street. Then, place parking signs around the town square and on 4th Avenue from 17th Street through 15th Street.

•Put a policeman on duty two hours per day at 1st, 2nd and 4th Avenues on 23rd Street during heavy traffic hours.

•Pave large space on new city hall location and allow clerks and businesses without back door parking to park all day free.

Following a lengthy discussion, commissioners assured the busiiessmen that the council will study the plan in connection with the city's plan.

The city's plan, as prepared by Lubbock traffic engineer, Wayne Sherrell, was presented to the commission Dec. 5.

It calls for improved signal devices and medians and for parking to be eliminated on 23rd Street along its full length from North 3rd Avenue to south of town.

Sherrell's plan also calls for the elimination of parking on 2nd, 4th and 5th Avenues from 300 feet on either side of the 23rd Street intersection.

Left turn lanes were also called for at each intersection with left turn signals to be installed at controlled intersections.

The proposal included the possibility of installing a signal light at either 9th or 10th Avenue.

The businessmen present Thursday have circulated a petition, which they say has 400 names, including 20 per cent of the persons who voted in the last city election.

The petition calls for commissioners to reconsider the traffic plan, and if not, to call a referendum election.

The petition was not presented Thursday night.

May meeting.

Dr. Cornette scotched a rumor that Kerbel would become athletic director and that Gene Mayfield would be his successor as coach.

Cornette said no offer has been made to Mayfield as had been rumored. Mayfield currently is coaching in Odessa.

Contacted by The News the former Buffalo quarterback said he had not been contacted but would definitely be interested in the job if such an offer were forthcoming.

"I think anyone would be interested," Mayfield declared.

Kimbrough came to West Texas State as head football coach in 1947. He held the record as the winningest Buffalo coach until the 1968 season when Kerbel smashed it by posting his 54th win.

Kimbrough became athletic director at WTSU in 1957.

Kerbel became head football coach here in 1960.

Buffs Gun Pokes In Cage Battle

West Texas State Buffs, riding a 5 game winning streak, were nearly unseated here Tuesday night by the straight shooting Hardin-Simmons Cowboys.

Outshot 111-104, the defeated Cowboys showed a crowd of 3000 why they rank first nationally in free throw percentage shooting --91% of their 33 free throws, 30 in all, were made.

In the first half, the floor was scorched by the blistering exchange. The score was tied 15 times with neither team gaining more than a 3 point lead. Like two boxers, the teams traded blow for blow with Simmie Hill, Buff leader in the first half with 13 points, and Cowboys Cliff Harris and Max Brownlee doing the most hitting.

The halftime whistle caught the score at 55-53 and the crowd breathless. The deadly Cowboy shooting and the sometimes spectacular replies by the Buffs made for one of the most exciting contests ever held in the WTSU Fieldhouse.

A volley of shots from the Cowboy side gave them a 74-69 edge in the early moments of the second half. Buff guard Mike Mitchell tied it up 84-84 when he was fouled by Buddy Haines 7:11 remaining.

Sophomore Pratt Lyons, a 6-5 Buff freshman sensation last year, broke an 88-88 deadlock with 6:05 left and the Cowboys were unable to overcome the slim West Texas lead again.

Big Simmie Hill, whose game suffered because of all the Cowboy attention, hit the nets for 29 points high score of the game. His 220 lb. bulk was felt under the nets as he rebounded 14 times, 2 more than teammate James McCloud, who also garnered 26 points in one of his better outings this year.

In that game where the awesome aim of Cowboys Buddy Haines, who led his teammates with 24 pts., and Cliff Harris, who followed closely with 22, was a constant threat to West Texas, guard Ron Howle, 5 foot 11 inches of skyrockets, firecrackers, and Roman Candles, proved many times over his value. He was everywhere at the same time doing everything. If he was not sinking baskets from midcourt, he was stealing the ball from under the oppositions' noses. He racked 14 points himself, an individual high for him, in his best performance this season.

The Buffs have played the H-SU Cowboys 98 times in basketball. Tuesday night's 111-104 victory put the record at 67-31 for the Buffs. Hardin-Simmons will have another shot at changing that record when they host the Buffs in Abilene Feb. 24.

West Texas goes to Eastern New Mexico at Portales Saturday night to attempt a second defeat of the Greyhounds. At Canyon, Dec. 4, the Buffs held off the speedy Greyhounds 87-72.

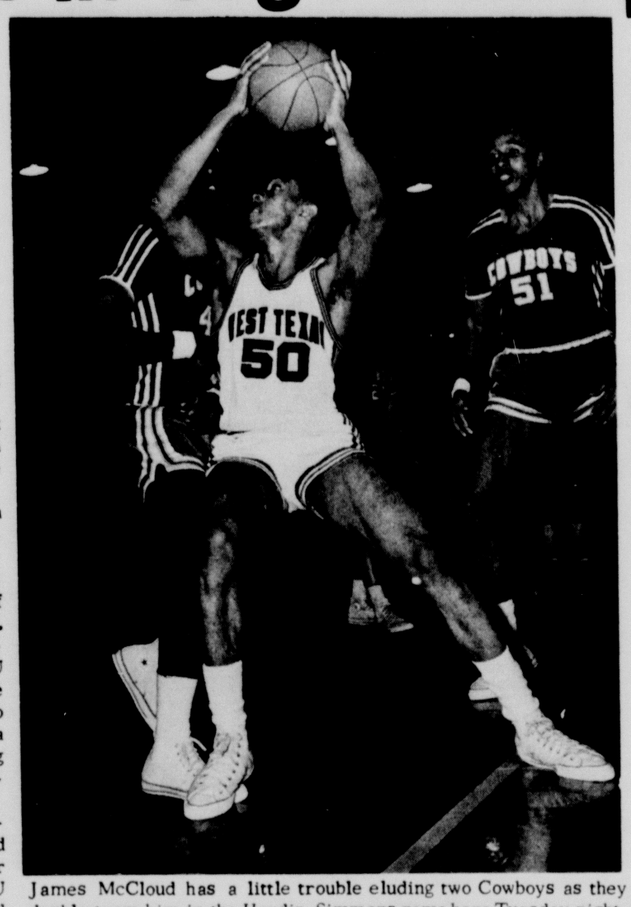
The West Texas State Freshmen Stompers and the H-SU Freshmen gave the crowd some idea of what they were about to see when they put on quite a fierce show themselves ending in an 89-85 victory for the Stompers.

The second half saw the Stompers take a quick 15 point lead only to have it diminish under a withering attack by the H-SU frosh. A stubborn defense led by Beau Bond and George Bailey held them off as the seconds ticked away.

Bond, a former Pampa star, paced the Stompers with 27 points, his best output this season, and was in command of the boards, too. George Bailey followed Bond with 22 pts. ahead of Marc McDonald, with 18, and Kenny Carson, with 10. Carson was slightly injured in a fall in the second half and was pulled from the starters.

The H-SU Freshmen were led by Dale Adamson and Charles Williams, each with 21 pts.

Classified ads in The Canyon News get fast resuts.



James McCloud has a little trouble eluding two Cowboys as they double team him in the Hardin-Simmons game here Tuesday night. The Buffs defeated the Cowboys 111-104 in a sizzler.

Top Offensive Back Is Morris

Eugene "Mercury" Morris of West Texas State University was named the top offensive back in the American Bowl football game played Saturday in Tampa, Fla.

Morris played on the South team which lost to the North 21-15.

Morris scored one of the south's two touchdowns. In the last quarter of the game, Morris went 13 yards through the center of the South line to score, according to United Press International.

Father of the infant is a student at West Texas State University.

Tooth And Nail Battle Results In Eagle Win

The Canyon Eagles once again overcame superior heighth with pure speed and zip Tuesday night to clip the Spearman Lynx 71-61 in the high school gym.

The Eagles, plagued much of the time by inability to rebound, nevertheless led most of the game.

Paced by the scoring of Jackie Thrasher with 20 points, the Eagles had a good night outside the key.

Canyon jumped to an early lead in the first quarter, but the Lynx, aided by the heighth of M. Davis, tallest man on the court, soon caught up and the score was tied three times--6 to 6, 8 to 8 and 9 to 9.

The crowd was kept on the edge of their seats as the lead passed from one team to the other. At the buzzer, it was Spearman in the lead by a scant point, 15 to 14.

With the opening of the second quarter, fans again thought they would see the lead merely exchange hands, but about midway through the period, the Eagles pulled away for good.

At the half, Canyon was leading 33 to 28. Thrasher led first half scoring with 12 points.

During the third quarter, the Eagles ran away with the ball, defensively handling anything the Lynx tried.

At one time in the third period, Canyon led by as much as 13 points, but the Lynx masterminded a comeback and at the buzzer had come within eight points of the Eagles.

The fourth quarter began well for Canyon as they again jumped well ahead.

But, with just four minutes remaining in the game, the Eagles began to lose their touch. At times it appeared certain the Lynx would overcome the narrow margin.

The Eagles, however, regained their poise and went on to win 71-61.

It was a bitter loss for Spearman coach Allen Simpson, who was mentor in Canyon when the Eagles won the state championship in 1964.

Thrasher led the Eagles in scoring, followed by Lon Conner, Jerry Landrum and Kyle Sunderman with 11 each, Steve Butler with 10, Chris Gerald with six and Ronnie Hager with two.

Leading Spearman scorer was Davis with 18, followed by Joe Hutchison with 15.

The Eagles hit a highly respectable 81.2 per cent from the charity line for 13 of 16, while Spearman could manage only 9 of 17 for 52.9 per cent.

The Eagles meet Perryton in the first district game on the home floor Friday night.

Soph Boys Beat Alamo

The Canyon High School sophomore basketball boys defeated Alamo Catholic junior varsity 42-32 in action Monday night.

High scorer was John Dodson with 13 points.

The CHS junior varsity defeated Alamo Catholic 44-32 with Leta Gill top scorer.

The boys will take a rest until their next games in the B Team Tournament here Jan. 23-24.

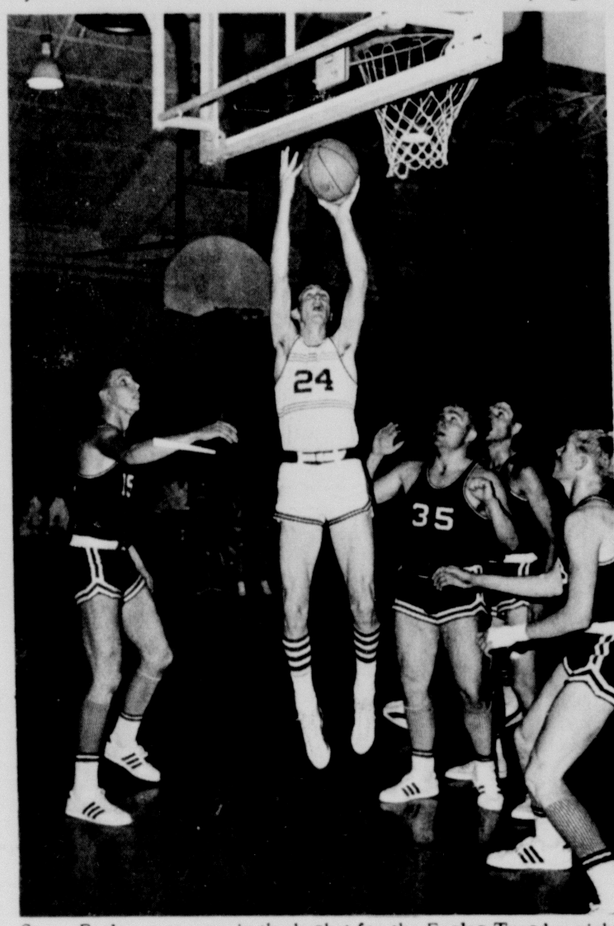
The girls play Muleshoe Stinnett Tuesday night in Stinnett.

Kimbrough And Kerbel At LA Meet

Frank Kimbrough, athletic director at West Texas State University, and Joe Kerbel, head football coach, are in Los Angeles this week for the National Collegiate Athletic Association meeting.

The meeting officially opened Monday and the two men are expected to return to Canyon this weekend.

Kerbel will also attend the meeting of the American Football Coaches Association held in conjunction with the NCAA meeting.



Steve Butler puts one in the basket for the Eagles Tuesday night as Canyon defeated Spearman 71-61. Butler scored 10 of his team's points.

CJHS Teams Post Wins

Canyon junior high school teams came on strong Monday night to win every game with the exception of the 8th grade white and 7th grade purple which were downed.

The 9th purple stomped Alamo Catholic 44-34 on the home court. Kirk Ashley was top scorer with 16 points, followed by Eddie Jacobs with 8 and Mark Vaughn with 6.

The 9th grade white defeated Panhandle 66-40 with Kenny Jones top scorer with 24 points, followed by Mike Podzemny with 15.

Eighth grade purple downed Alamo Catholic 38-35 with Jay White leading the smaller Eagles with 15 points.

Panhandle got the best of 8th grade white 36-18. Bill Moore was Canyon high point man with 9.

Losing, too, was the 7th grade purple team 47-31 to Alamo Catholic. Bob Counsellor was top scorer with 12.

Seventh grade white whopped Panhandle 28-7 with Ed Lair top scorer with 12 points.

The Canyon tournament will be next action for the junior high teams.

The 9th Purple will meet Tulia at 8 p.m. today. The 9th white will meet Happy at 5 p.m. today.

Eighth grade purple will meet Tulia, while the 8th grade white meets Alamo Catholic.

Seventh grade purple will play Tulia while 7th white will contest Alamo Catholic.

Girl Eagles Slip By Spearman Girls 53-46

The Canyon Girl Eagles played it nip and tuck right down to the wire Tuesday night before mustering a seven-point lead to whip the Spearman Lynxettes 53 to 46.

The Eagles, paced by the precise shooting of Pam Richardson who netted 28 points, matched the speed of the Lynxettes as the lead changed hands throughout the game.

The first quarter, slow-moving score-wise, but fast-moving play-wise, ended with Canyon holding a slim 16 to 14 margin.

Miss Richardson was top first quarter scorer with eight points.

The second quarter was equally as dizzying with score changes.

With but seconds remaining in the half, Jan Sternenberg was fouled, and canned two points to put the Eagles in the lead at the buzzer 31-29.

Top first half scorer was Miss Richardson with 14 points.

Canyon, during the third quarter, stretched their lead at one time to as much as 10 points, but the rapid Lynxettes narrowed the margin to 41-36 in the Eagles favor at the end of the stanza.

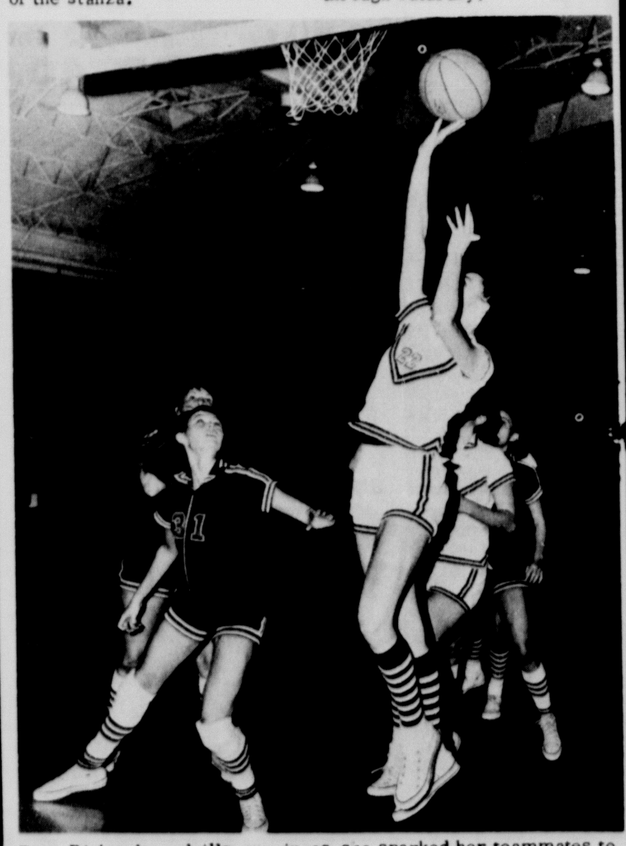
Canyon pumped in 12 points in the fourth quarter to Spearman's 10 to put the game on ice for the Eagles and the final buzzer saw CHS the victor 53 to 46.

Miss Richardson made all 28 points from the field. She was followed in scoring by Miss Sternenberg with 13 and Susan Swatzell with 12.

Spearman was paced by Marcia Sheildknight with 26 points, followed by Sandra Shufeldt with 17.

The Girl Eagles hit on only five of 11 from the charity line, for 45.4 per cent, while Spearman hit 12 of 21 for 57.1 per cent.

The girls will play in the Darrouzett tournament today through Saturday.



Pam Richardson drills one in as she sparked her teammates to a 53-46 win over Spearman girls here Tuesday night. Miss Richardson amassed 28 points during the game.

Keeping a good distance from their trophy, city policeman Dean Butcher, left, and Stan Kropff pose after killing a skunk last Monday on the West Texas State University campus. Maintenance men at the university said they stalked the skunk about 1/2 hour before Butcher was called in for the kill. The skunk, unfortunately, had time to fire back.

Tuberculosis Drive Underway

The Top of Texas Tuberculosis Association is currently seeking additional funds to carry on an educational program among students and adults in the Panhandle area, according to Charles McIntosh, campaign chairman.

"We are trying to stop the youngsters from starting the cigarette habit. Boys and girls, even in junior high, are getting 'hooked' on tobacco addiction," said McIntosh. "The tobacco company advertising makes smoking seem the smart 'in' thing to do---but they don't mention in their advertisments that emphysema is a smothering disease caused by smoking. They don't say anything about heart attack, cancer or bronchitis."

"Youngsters don't know how hard it is to get 'unhooked' from cigarettes," stated McIntosh relating that 3,209 new cases of tuberculosis were reported in Texas in 1967 (1968 figures are not available yet), plus 499 relapses and 370 TB deaths that year.

TB testing is being conducted throughout the Panhandle and February has been planned for educational films and talks to be given throughout the area on both tuberculosis and smoking and related diseases. Films and discussions will be conducted for students as well as civic groups.

Construction is complete on the new Randall County Courthouse Annex and the building was accepted by the Commissioners Court Monday. Furniture and carpets must be purchased before the building is ready for occupancy.

Randall Courthouse Annex Accepted

BY ELAINE PEEPLES

The new $397,000 annex to the Randall County courthouse was accepted Monday by commissioners but no date has been set for occupancy.

The general contractor for the building was John Moss Construction Company of Amarillo and the architects were Shiver and Meggert of Amarillo.

Justice of the Peace Bill Wilson said the building was accepted with the usual guarantee performance clause.

The first floor of the annex contains the county clerks office and working area and the tax assessor-collectors office.

The county clerk's office is on the west end of the building. The office includes a working area with all built-in formica counters, a private office for the county clerk, and a room for the copy machine.

All of the private offices on the first floor have glass fronts facing the north and will be carpeted. The colors used in the office are tangerine and gold.

Down the staircase from the county clerk's office in the abstractor's office and the county clerk's vault. The vault is 43 feet by 36 feet and the room also includes another storage area. The county is required to provide the abstractor with an office because the county records cannot be removed, Wilson said.

The wall coverings on the first floor hall are wood paneling and the floor covering is tile.

The tax office is on the east end of the first floor. The front counter has seven working areas. Three private offices on the north side also have glass fronts.

The tax office also has a machine room, a storage room and a large vault. The colors are green and gold.

The entire building is fireproof as far as can be possible, Wilson said. The telephone and electrical wiring is in the floor instead of the walls or the attic.

Each office is separately thermo-statically controlled for air-conditioning and heat, Wilson said.

The halls on the second floor are of vinyl wall covering of a gold color which can be washed. There is a ramp on the second floor leading to the old court house.

The district attorney's office is on the east end of the second floor.

The district attorney will have a private office, an office for the secretary and two offices for assistants.

A large room adjacent to the District attorney's office will serve as a law library and the Commissioners' court room. The library will be at the north end and the commissioners will meet in the south end. The room has 108 four foot lights in the ceiling.

The County Court room is also located on the second floor and can double as a district court room or a Justice Court room, Wilson said.

The gallary has a seating capacity of 60 with auditorium type seating. The judges bench and the jury box will be carpeted.

When furnished the room will include two counsel tables, and a desk for the court reporter and one for the clerk.

The walls, bench and jury box are all of wood-paneling with gold formica on the top of the judges bench.

Next to the court room is the county judges office, his secretary's office and a commissioner's office. There are also two conference rooms where lawyers can counsel with their clients.

The basement contains a general storage area where county records will be stored and a mechanical room for the air-conditioning and heating, water-cooling system, light panels and elevator works.

Dr. Emilio Caballero, head of the art department at West Texas State University, has volunteered to plan the flower beds on the outside of the court house. They will be filled with white crushed stone with large concrete planters filled with miniature plants. Concrete figurines will be used on the north side, Wilson said.

Grass will be planted on the lawn next spring, Wilson said.

Bids were taken Monday on furniture and carpet for the annex but contracts have not yet been awarded. The commissioners also bought some used furniture from the Bank of the Southwest.

The old offices in the courthouse will be re-decorated and divided into smaller offices for needed additional office space.

The identification bureau of the sheriff's office will move into the old district attorney's offices.

BANDSMEN FROM Canyon High School named to the All-State Band tryouts in Lubbock January 18 were, from left, front, Chris Blasdel, trombone; Evelyn Hadley, cornet; Sarah Beth Meyer, baritone; Roseanna Mathis, flute; and back, from left, Fred Richard, contra bass clarinet; Jamie Martin, second alternate-saxophone; and Patti Waugh, first alternate-flute.

The sheep killed by Costley weighed 205 pounds and had a 27-inch horn spread while the one killed by Thomas weighed 195 pounds and had a horn spread of 24 inches.
